18 September 2015

Dear Professor Witold Wisniowski,

Over this five long days of work, also containing the ICAS workshop with distinguished speakers from all over the world, many organizational tasks were accomplished.

Please let us express my gratitude to the overall outstanding performance of your representatives, above all Professor Zdobyslaw Goraj, perfectly assisted by Mrs. Beata Wierzbńska-Prus.

Not only could Prof. Goraj beat the United States when the Programme Committee decided this venue, he also showed a great amount of hospitality and organizational skills which enabled the Programme Committee members not only to work very efficiently but also to enjoy Poland.

Please be ensured that this meeting left an extremely positive impression on all participants. We would be very happy if you forward this gratitude to Prof. Goraj and Mrs. Wierzbńska-Prus.

Sincerely

Christian Mari
ICAS President
